#### JOHNNY FAVORITE

JOHNNY FAVORITE is not just a cover band - it is a great cover band! Start here and then take your party to the next level when you choose add-ons such as a female vocalist (which will open up a whole new selection of song choices), a horn section, dancers, professional staging and other show-builders.

We have graphic designers on staff. If you need custom collateral such as invitations, posters, event web pages, or promotions we can help with that too.

#### FEATURED SHOWS

##### JUKEBOX JOHNNY

JUKEBOX JOHNNY is your personal cover band. We don't create the set lists - you do. This is your custom show!

Our Show Manager will assist you with picking songs before your party. Or, for a live jukebox experience, your guests can pick their favorite tunes on the fly at your event or club. With hundreds of songs to choose from spanning seven decades we know there is something for everyone. Your guests can even send out Special Dedications with their song choices and add a message that will be read by the band.

##### YOU FRONT THE BAND

We play and you sing because YOU FRONT THE BAND! - See for yourself! Follow the video link from our Home or Media pages at [johnnyfavorite.com](http://johnnyfavorite.com).

Grab the mic with all the bravado of a seasoned rocker! YOU FRONT THE BAND puts you and your guests in the spotlight as the vocalist in a live rock band. This isn't karaoke - this is the ultimate interactive rockstar experience and the hottest trend in live music entertainment.

Our backing vocals make less talented singers sound good and good singers sound great. Singers may perform as soloists or as a group. Lyrics are provided on video monitors. Our experienced Show Manager will work the room and bring all of your guests into the fun! With over 400 songs to choose from spanning seven decades and several genres of music we know there is something for everyone.

##### GREEN FEDORA

Shaken and stirred! GREEN FEDORA is a lounge-style act that will add to the ambiance of any soirée. Get into the groove mingling, noshing and toasting to the sounds of Johnny's GREEN FEDORA - the perfect vibe for cocktail hours, dinner service and as a prelude to Johnny's rocking shows. These cats are the real deal. Johnny's incredibly versatile musicians have you covered from the moment your guests arrive to the last call. This act can be performed as a solo piano with vocals, a cheeky duo we call "The Captain & Schlemiel", a trio or with Johnny's full band plugged in. One band does it all and as with any Johnny Favorite show - you get to design the mood and direction.

Johnny's GREEN FEDORA lays down jazzy versions of rock and pop hits such as Frank's classic "Fly Me to the Moon", a bossa-nova version of Billy Idol's "Rebel Yell", a swing version of Radiohead's "Creep" and many more tunes your guests know and love with or without vocals. Inquire about our jazzy Christmas set.

##### JOHNNY THROWBACK

Take the Midnight Train on a journey back with Johnny Favorite's classic Motown Tribute featuring the soulful vocals of Anniah Petty and David Van Dusen.

JOHNNY THROWBACK is perfect for your alumni from the 1960's and 1970's as they reach their milestone reunions with entertainment that is a blast from "their" past. In its classic era, Motown's artists were among the most popular, establishing a standard of excellence and sophistication that has never been surpassed. JOHNNY THROWBACK offers you the instantly recognizable Motown Sound, the distinctively passionate singers, the irresistible rhythms, and the timeless songwriting your guests love. We dare them to not sing and dance along!
